

MESSAGE FROM ISSCO INC'S PRESIDENT, JAKE DAVIS

I hope you were able to enjoy your summer and had the opportunity to spend quality time with family and friends. It has been amazing to see fans back at baseball games, concerts, and other public gatherings throughout the past few months. My wife, Heather, and I were blessed to be able to get away to Colorado to celebrate our 25th wedding anniversary in July. It was a wonderful feeling to travel again. The past few months have seemed to have just flown by; and, in the blink of an eye, all the kids and teachers are headed back to school.

ISSCO has remained very busy. Although, we are certainly dealing with some of the disruptions throughout our industry. We continue to see extended lead times when it comes to getting parts delivered from different ports throughout the country. Based on what was in the news last week, it is not looking like this problem will soon see improvement. Our sourcing has become more challenging; however, I do believe the support and relationships we have formed with our suppliers over the years have benefited our supply chains for ISSCO. Our sales team, along with purchasing, continue to work together to get in front of potential bottlenecks. It is a VERY challenging time throughout our industry and I would encourage you to call us if you have any questions or concerns. We will continue to do our absolute best to exceed your expectations.

I do want to call your attention to an upcoming event we will be having at ISSCO. We are partnering with the Community Blood Center in order to host a mobile blood drive on Friday, August 27th, from 9:00 AM – 12:00 PM. We will be serving lunch starting at 11:00 AM. I would like to encourage all of you to sign up and donate! It is a great feeling to have the opportunity to give back to the community.

As I wrap this up, I remain humbled by your constant support ISSCO receives from our customer base. Our entire team wish all of you continued success this Fall both personally and professionally. If you need anything from us, please do not hesitate to make contact with us. God Bless and Be Kind!

"Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time."
– Thomas A. Edison

RAPID FIRE FRIDAYS

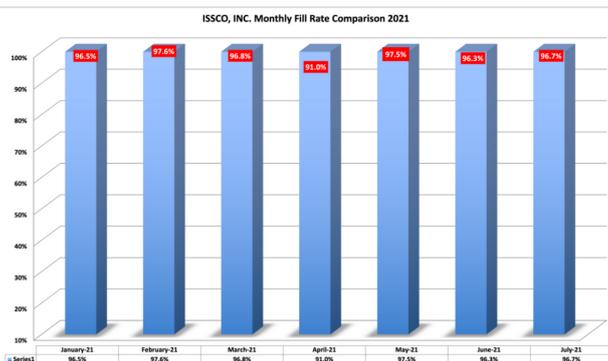

Each Friday, ISSCO highlights a different employee on our #RapidFireFridays. Tune into our YouTube channel to get to know your ISSCO team better! 5 questions - 1 employee!
